

We are recruiting TOONBOOM ANIMATORS, CHARACTER DESIGNERS, BACKGROUND DESIGNERS, CHARACTER BREAKDOWN ARTISTS and COMPOSITORS

INTRODUCTION : Brown Bag Films is opening a new 2D Animation Studio in Manchester and we are now recruiting for staff to work on the development of a 52x11' pre-school series, skewed towards girls, for a global children's channel.

The development work needs to be completed in January 2015 and may go to a full series in February 2015. The series is being created in ToonBoom Harmony. The development phase includes refining and designing characters and locations, and animating the lead character through a walk-cycle.

BACKGROUND DESIGNER / ARTIST

The Background Designer will work within the Art Dept to develop background concepts and help refine the series colour palette.

Specifically, the BACKGROUND DESIGNER will create four key background location concepts, based on the Art Director's brief and the series Pitch Bible.

Candidates will have credited experience of working as a Background Artist on a broadcast pre-school series, and, ideally, will have experience with ToonBoom Harmony.

Duration: 2 weeks, January/February

We hope the Background Designer will be able to join the Art Dept for the series in the New Year.

Fee: Competitive for all roles

Location: The Sharp Project, Manchester

Please send CVs showing experience, credits and references to

jobs_manchester@brownbagfilms.com

Please Background Designer Manchester in the subject.
